Remember to Vote!

Example

100 Total Employees in Voting Unit As Defined by NLRB

29 employees vote NO

31 employees vote YES (union)

40 employees do NOT vote

100 total employees

Result

Under this scenario, 31 voters — or just 30% of our employees in the proposed bargaining unit— determine the outcome for all 100 employees — even those who didn't vote at all.

Given the importance of this decision, please make sure your voice is heard by voting.
